C:\Users\Prasanth Nimmala\anaconda3\lib\site-packages\sklearn\model_selection\_validation.py:378: FitFailedWarn
ing:
50 fits failed out of a total of 700.
The score on these train-test partitions for these parameters will be set to nan.
If these failures are not expected, you can try to debug them by setting error_score="raise".

Below are more details about the failures:
--------------------------------------------------------------------------------
50 fits failed with the following error:
